

COURSE INFORMATION**Subject: DANCE****Head of Subject: MS GEMMA BEGG**

	Year 13
Introduction	Dance encourages creative thinking, self-discipline, attention to detail, collaboration, and teamwork which are vital skills in any workplace. Students often develop in dance from beginner to expert level and grow to be confident and well-rounded dancers, no matter their previous experience or training. Dance is a hands-on environment that is exciting and engaging.
Course Content	<p>Learn a wide range of performance skills in a repertoire of dance genres.</p> <p>Students explore choreographic processes, extending their choreographic skills through the making of group and solo dances. They develop ideas and manipulate choreographic tools to communicate intention and emotion.</p> <p>Students study a professional dance performance and explain how ideas are communicated through dance elements, devices, and technologies. Students learn to provide evidence to support an argument.</p> <p>Or</p> <p>Students will demonstrate understanding of a dance genre or style in context with supporting evidence.</p>
